Mattress Pads: There is no such thing as an organic water-proof mattress cover and there is no point putting a water-proof vinyl or polyethylene plastic cover over an organic mattress! To fully protect your organic crib mattress and your baby's health, we recommend using both an organic wool moisture pad and a quilted organic cotton pad. Neither of these alone is sufficient protection when accidents happen. However, the combination can even handle older kids' wetting accidents without letting anything through to the mattress!

- Wool Moisture Pad – FLAT: \$85 (Standard or Stokke cribs – 10% off with mattress)
- Wool Moisture Pad – FITTED: \$170 (Standard cribs only – 10% off with mattress)
